District Goals 2019-20

- To create a comprehensive community outreach program that will educate the citizens of Dunellen about the proposed $23.8 million bond that will fund the construction and renovation plans created to address an emerging population and modern curricular needs. The program will culminate in the approval of the bond in a Special Election on December 10, 2019.
- To finalize the new emergency plans for the district and the individual schools while simultaneously creating a reunification plan that would be flexible enough to cover any emergency scenario, whether it be district-wide or isolated to a specific school or schools.
- To evaluate the curricular offerings in the middle school. This will include a reassessment of the cycle electives that will result in the development of new electives that best meet the needs of 21st century learners.
- To develop a new budget process that will reflect a zero-base philosophy and require each administrator to provide a detailed, itemized budget that they will defend in pre-budget meetings with the business administrator and the superintendent. This should result in a more transparent, streamlined budgetary process that accounts for every item and avoids departmental and/or building duplication.
